*Have you felt the Divine  
Feminine Moving in you?*

# *Sophia is the mystical magical glue that holds everything together.*

---

As such she also manifests as energy flows throughout every living thing. Her essence is so magical because it is the untouchable, the unknowable, the mysterious glue that forms it all through frequency alone.

There is a natural progression, a natural flow to life on this planet. *We are inextirpably bonded to this world and exchange energy with all of it.* Every living being has its own signature of this exchange. Every living structure in your body also has its own signature.

Sometimes, especially now, our flow can be disrupted. But simply reminding those structures of their natural flow can jump start the car and move them back into place.

# Using Archways

In megalithic times, huge stones were erected into “Dolmen” patterns; 2 stones would support a third stone, creating a type of Gateway which emits strong Sophia Frequency through the upright stones. This has resulted in the modern Gateway Method.

In ancient cities, the “Eastern Gate” was considered the “Spiritual Gate”; this is related to the fact that this pattern can be used to distribute the Sophia Frequency (BG3) throughout the city.

Today, we always test rather than just use a compass direction to determine where to put a gateway.

# A Garden Gate

We primarily use the Gateway method in outdoor applications, but it can also be incorporated into doorways in buildings and other designs.

You will always want to have a top lintel or overhang on either side as the width of it will directly determine how much Sophia Frequency is emitted.

When you are planning, you can actually direct the frequency where you want it to go.

With what you know about shape and number you can enhance it even more.

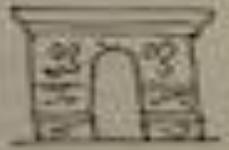

Notes from  
Dr. K...  
Other ways  
this  
principle  
works!

### THE USE OF THE 'ARK' OR 'DOLMEN' IN ARCHITECTURE

- EMphasizing ENTRANCE  
Many different shapes  
according to style and period

- Garden gates
- Pagoda Arks on walkways
- Monuments

### THE ARK EFFECT INSIDE THE HOUSE

- Tables, chairs etc...
- Chimney
- Niches

FURNITURE AND OTHER INTERIOR ELEMENTS CAN BE ADJUSTED AND ORIENTED TO THE E-W AXIS TO PRODUCE THE ARK EFFECT.

Another  
way to apply  
what we  
know...  
The Emitter  
patterns!

## 45 DEGREE EMITTER

The 45 Degree Emitter is a cone pattern used in BioGeometry, discovered by Dr. Karen.

• This method has two basic structural components:

- 1) A straight line as a base.
- 2) Two shorter lines connected to the ends of the base line at 45 degree angles.

• This pattern is primarily used on a horizontal plane. On a horizontal plane, it works at any geographic orientation; however you can experiment with turning it through multiple geographic orientations and you will find one or more which intensifies the amount of BGG created by the emitter.

• The BGG is created between the two arms of the emitter, as if they were "holding" the BGG in their arms.

• The basic design will even work two-dimensionally drawn on paper (a "paper emitter") or in three dimensions. In three dimensions, 5 cm tends to be the minimum height for optimal BGG from the pattern. In two dimensions, it is common to use 7 of the 45 degree emitter lines in a series, to make the energy stronger (see the section in the class on the Quality of Number.)

• This pattern can be used either in outdoor or indoor applications.

PURE UNADULTERATED LIFE FORCE  
ENERGY...

FOUND IN EVERY LIVING THING  
THAT UNSEEN, UNKNOWABLE, YET  
KNOWABLE FREQUENCY THAT LIVES  
US...

THAT BREATHES US  
THAT KNOWS US  
THAT BIRTHED US

SHE'S EVERYWHERE AND NOWHERE  
ALL AT ONCE

SHE IS THE FORCE THAT SOURCES  
US.

*SHE IS WHAT SCIENCE CALLS THE  
QUANTUM FIELD.*

We learned how to measure our personal frequency and determine how to improve our health. We also learned how to measure the Sophia Frequency.

# We learned how to Color Balance

Rooms...and...

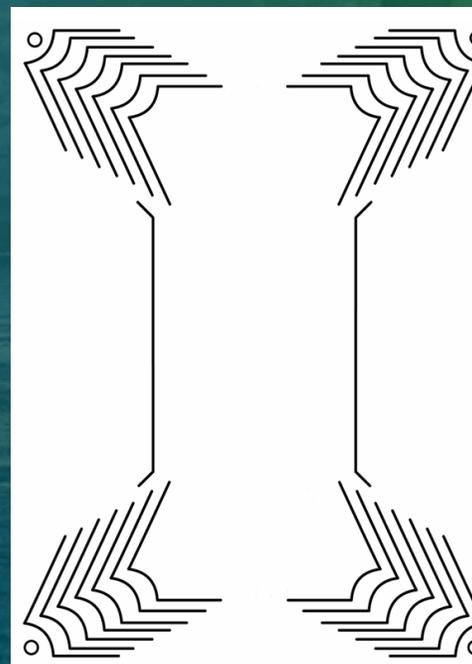

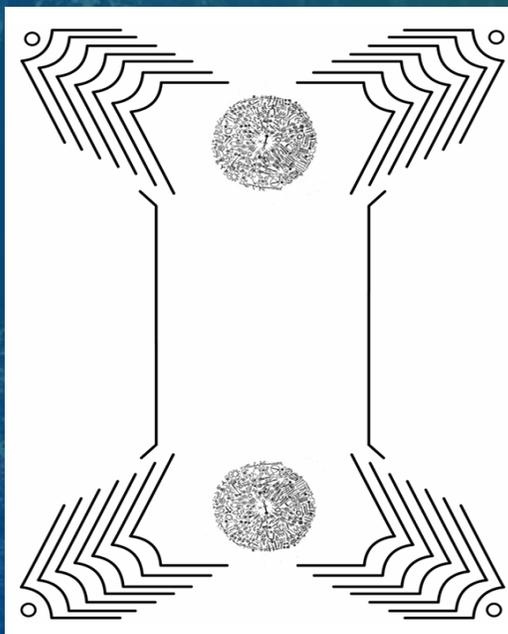

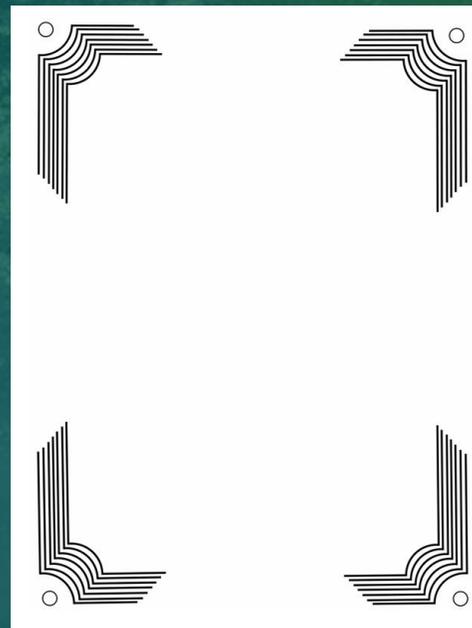

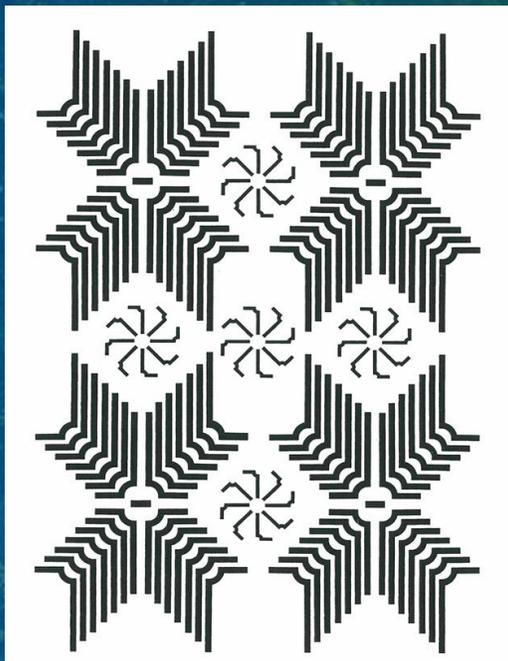

**Mirrors** – You can go around the outside edge of the mirror with your colored sticker (or jewel) measuring the SF until you get a good spin. You can place it on the outside edge where it won't be seen. You can also use several different colors to see if you can build more of the frequency around the mirror. This will create the frequency over the surface of the mirror which will go out into the room to some extent from light reflecting off the Mirror.

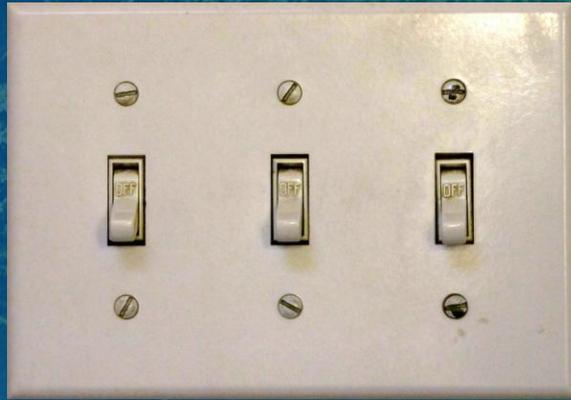

**Framed Pictures, Doors, Windows, Bedframes** – You can do the same with all of these. This will create a SF emanation from the entire surface of the picture into the room.

We learned  
that shape  
can  
generate  
her  
frequency...

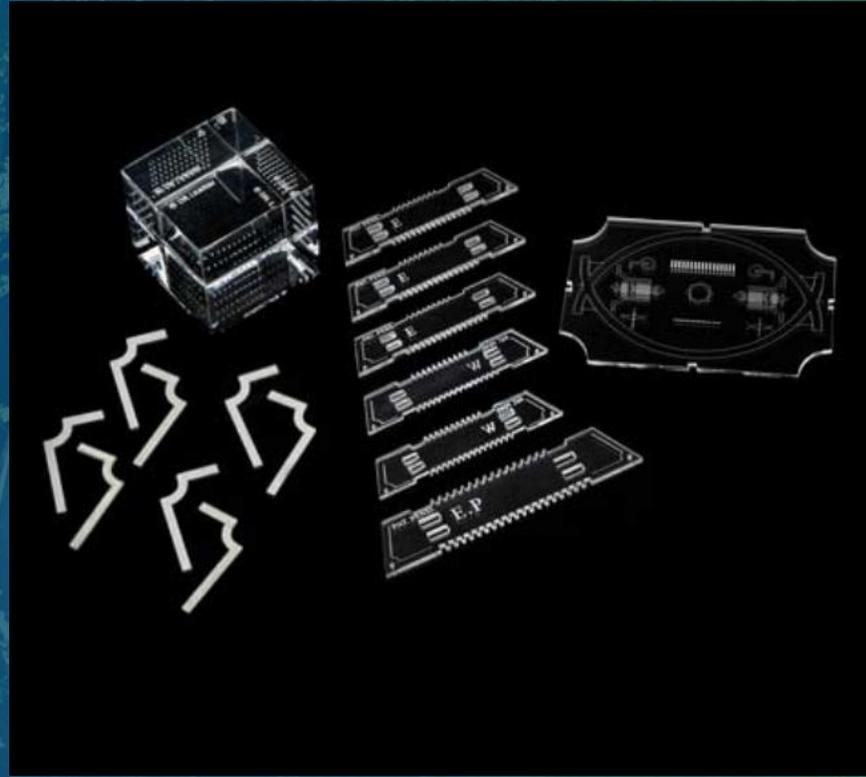

We  
learned  
our  
homes  
were very  
unsafe...

We learned  
that vertical  
negative  
green and  
EMFs can  
be hiding  
anywhere!

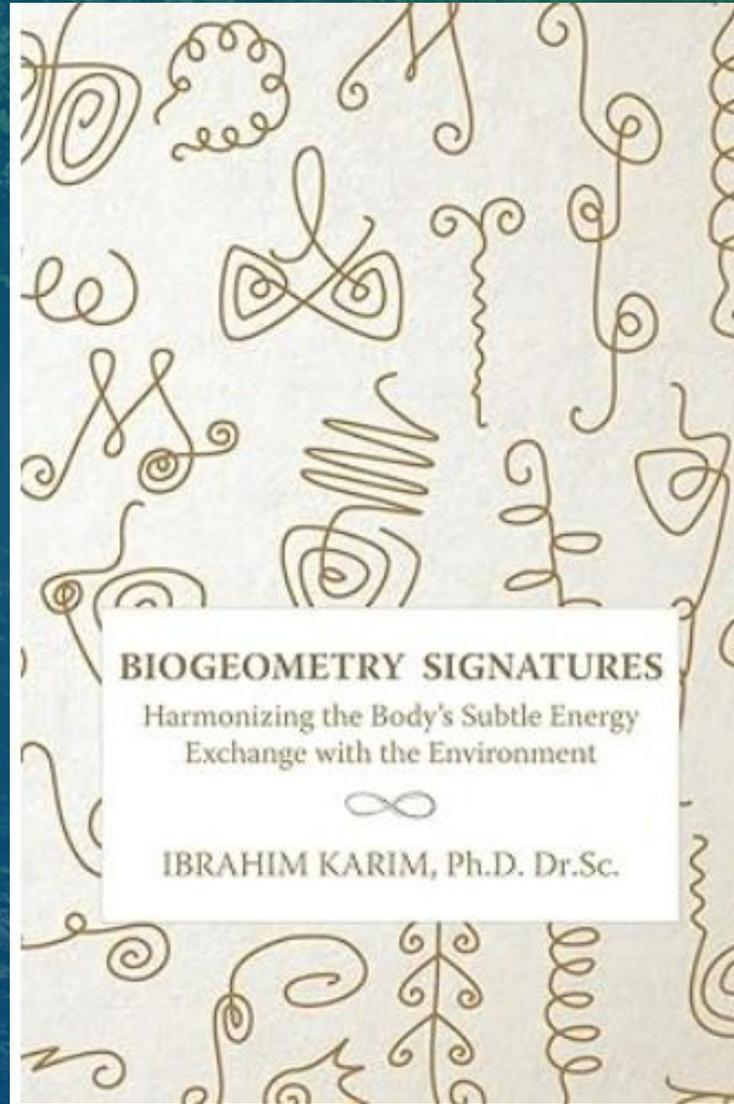

And we learned  
there were  
remedies...  
And that we  
could use color  
balancing to  
remedy these  
situations as  
well...

# Using Bio-Signatures

How to “Harmonize the Body’s  
Subtle Energy Exchange with the  
Environment.

# Going forward...

---

- Remember every time we measure for the Sophia Frequency, we build it in our house and our bodies! So measure daily!
- Practice, practice, practice
- Keep doing your body scans once a week
- Make any adjustments necessary
- Practice drawing the symbols
- Make several copies of the Emergency Card and the Clearing Card and laminate them
- Use them to clear yourself, rooms and objects.

Remember, the more we practice doing this, the more we increase our own vibration with the Sophia Frequency!

By doing this gradually, and allowing acclimation time, you can avoid transformational upheaval.
